

## Winter is fast approaching...

### Snow Shovel

The snow shovel comes with a 48" metal shaft complete with ergonomically designed PD handle. The tough plastic blade is reinforced with an aluminium strip to maximise longevity.

Ideal for forecourts, pavements & driveways with its strong plastic blade it will cut through snow easily.

Strong plastic blade to cut through snow easily

Europalite can now offer you a select range of winter products, designed to make life easier and safer when the snow and ice arrive.

Available in various sizes

### Grit/Salt Bins

Essential equipment in inclement weather our Grit Bins are highly visible, extremely durable and completely rot proof.

Available in various sizes embossed with the word "Grit", further personalisation and logos are available if required. Standard colour is yellow with other colours available, on request.

## Salt Spreader

Ideal for use on footpaths

The salt spreader is ideal for use on footpaths, small car parks and school grounds where larger apparatus can not be used effectively. With a capacity of 36.5kg and a handle bar mounted adjustable flow control you achieve a wide spreading throw. Supplied with pneumatic wheels for easy use over rough ground and icy surfaces.

Hard wearing and reusable

## Frost Blanket

Assists protection of your winter poured concrete. Made from closed cell expanded polythylene foam these blankets are hard wearing and reusable with good thermal insulation. Our frost blankets have an operating temperature range -40oC to +90oC.

## Snow Plough

The fork mounted Snow Plough is very effective when clearing freshly fallen or compacted snow. It easily clears vehicle & pedestrian access i.e. car parks, access roads and service areas when used in conjunction with Rock Salt or Grit.
